# Follow a training and become an ECCRT Ambassador

You have followed a training at ECCRT and you have had an amazing learning experience? Refer ECCRT to a colleague or a friend and become one of our ambassadors.

Of course, this will be rewarded. We will grant you an extra three months access to the Virtual Campus and 15% discount on one of our courses. How does it work?

## The Ambassador Journey

-  Follow a training at ECCRT. It can be an eLearning, classroom, blended learning or a webinar session.
-  Provide us with the contact details and the training interest of a colleague/friend by completing the form on page 3. This person must not have followed an ECCRT open course for the last two years.
-  We will follow up with your colleague/friend and guide him/her during the registration process.
-  Once your colleague/friend has completed the open course, we will get back to you with your reward.
-  You are now an ECCRT ambassador! Welcome on board and enjoy the extra access to the Virtual Campus and the 15% discount on any course.
